

# ALL IN

## FOR WHAT YOU'LL LEARN AND WHO YOU'RE BECOMING

At Roberts, we're going all in. For who you're becoming. For what you'll do. You already have the heart for nursing—now you just need your R.N. to B.S. degree.

You'll learn through asynchronous online lessons, meaning that learning will be completed independently within a window of time. Schedule coursework to fit into YOUR life, not the other way around. And you'll have a community of other nurses alongside you for support.

What does this mean for you? Transformative learning experiences and improved critical thinking. Balance caring for yourself, your family and your patients. Are you ready to go all in?
