

PSY.D CLINICAL/SCHOOL PSYCHOLOGY

ALL IN

FOR SERVING THE COMMUNITY AS A PSYCHOLOGIST.

Become dually trained in both clinical and school psychology to make a meaningful contribution to your profession. Your skills are needed more than ever.

Build your confidence and follow your vocational passion. All five years of full-time study will connect you with practitioner faculty, diverse practice opportunities, and the preparation to become a licensed psychologist and certified school psychologist.

The program follows a practitioner-scholar training model, equipping you with the knowledge, skills, and aptitudes necessary for competent clinical practice. You already have the passion for serving others - it's time to earn your degree in a career that makes a difference.

HIGHLIGHTS

- Accepted students receive a \$30,000 scholarship
- Multiple paid internship opportunities available
- 100% of students are employed full-time within a year of graduating
- Gain clinical practice experience working with clients in our on-campus training clinic, Westside Psychological Services
- Work with a dedicated fieldwork coordinator
- Practicum sites include schools, hospitals, mental health clinics, forensic settings, residential treatment centers, college counseling centers, the VA, and more
- Enjoy a cooperative learning environment
- Gain experience conducting complex assessments, including autism spectrum disorders

OUTCOMES

Utilizing a combination of classroom and field education experiences, the program aims to develop the following competencies in every student by the time of graduation:

- Assessment skills
- Treatment and intervention
- Clinical supervision
- Consultation and interdisciplinary skills
- Research methods
- Ethical and legal standards
- Individual and cultural diversity
- Professional values and attitudes
- Communication and interpersonal skills
